

# **FastGrip**

FastGrip LM 12 GAS

Making connection

and line identification

easier

## **FastGrip**

### **MAIN ADVANTAGES**

#### Visua

With Faster ID clips is possible to add information about the lines

## Fits existing Oil Collecting System

The handle allows correct opening of oil caps when connected

## **Pressure Tested**

Using a steel CrIII plated adaptor, Faster system offers same resistance to burst and pulse pressure as other line components

## **Perfect mix**

Right weight, right compactness and right cost

### **DETAILS**

Handle	Adaptor	Color	Working pressure	Burst pressure
PP plastic UV additive DIN adaptors	Steel + CrIII plating 500 hours Salt Spray test	Black handle + Tags in various colors	350 bar	1200 bar
