Faster®
A HELIOS COMPANY

INTEGRATED HSE POLICY

Quality, Environment, Occupational Health and Safety

*The Management of **Faster S.r.l.** recognizes product/service quality, environmental protection, and the health and safety of its employees as fundamental values and strategic factors for the sustainable development of the organization.*

*To this end, the Company has adopted and maintains an Integrated HSE Management System in accordance with **ISO 9001, ISO 14001, and ISO 45001**, and is committed to its continual improvement.*

Principles and Commitments

Faster S.r.l. is committed to:

- Ensuring stakeholder satisfaction by providing products and services that meet applicable requirements;
- Promoting the continual improvement of processes through the assessment of risks and opportunities;
- Preventing workplace injuries, occupational illnesses, and environmental impacts through a prevention-based approach;
- Ensuring compliance with applicable legal requirements and other relevant obligations;
- Encouraging employee participation and consultation, while fostering a culture of safety and sustainability;
- Using resources efficiently, with particular attention to energy, raw materials, and waste management;
- Reducing environmental impacts and preventing pollution;
- Qualifying and monitoring suppliers, promoting high standards also in the HSE field.

Operational Implementation

The Company fulfills its commitments through:

- Planning and controlling business processes to ensure effectiveness and efficiency;
- Assessing occupational health and safety risks and implementing the related preventive and protective measures;
- Monitoring environmental and energy performance;
- Providing employee training, information, and awareness programs;
- Adopting appropriate technologies to ensure quality and reduce environmental impacts;
- Managing emergencies and non-conformities through a preventive approach

Monitoring and Communication

Management periodically reviews the effectiveness of the HSE Management System and establishes improvement objectives, ensuring that this policy is:

- Communicated and understood throughout the organization;
- Made available to suppliers and other interested parties;
- Periodically reviewed to ensure its continuing suitability and effectiveness.
